PAPER SUBMISSION

ICACDS-2024 is soliciting original, previously unpublished and high quality research papers addressing research challenges and advances in the tracks mentioned below. The maximum allowable length of the paper is 14 pages (including figures and references) for regular research articles strictly in SPRINGER SINGLE COLUMN FORMAT. Articles will be Double Blind Peer-Reviewed by three experts to decide its suitability for publication in the conference.

Prospective authors are required to submit full-length papers of 12 pages using Microsoft's CMT Conference System formatted with Springer Single-Column standard template using the following link: <https://cmt3.research.microsoft.com/ICACDS2024/>.

Submitted research work must be original in content. Plagiarism found at any stage of publication will lead rejection of paper from conference. Authors are required to use **iThenticate/Turnitin** for checking plagiarism and it must be **below 20%** to qualify paper to be reviewed. ICACDS 2024 doesn't support even self plagiarism. Authors submitting the review type of work must be very cautious about the same. Author(s)/ Co-author(s) can submit maximum two papers. Accepted papers will be submitted for the possible inclusion into Springer CCIS. For more details, kindly visit the conference website.

CONFERENCE VENUE : LISV Laboratory, Université Paris-Saclay, Velizy, France.
